

S. 1st Street Parking Lot Stormwater Improvements Project

Weekly Construction Update

The intent of this weekly update is to provide an overview of the construction completed and a projection of construction activities in the following week. It is intended to be a general overview and tentative in nature. Construction progress may differ from the information provided as a result of weather or other construction elements.

Construction Overview for the week of May 24th – May 28th

- The contractor completed subdrain and underdrain installation.
- Storage aggregate placement began.
- An additional portion of the alley in the NE corner of the parking lot was closed and additional pavement was removed. Alley access and the remaining parking area are accessible from S. Center Street.
- Due to wet site conditions, the contractor was unable to work Friday, May 28th.

What to Expect the Week of May 31st – June 4th

- The contractor will not be working Monday, May 31st, in observance of Memorial Day.
- The contractor will complete the fabric and grid installation in the parking lot area.
- Storage aggregate placement will be completed.
- Lighting conduit will be installed for portions of the parking lot.

What you need to know

- Working hours are generally Monday-Friday (7:00 am to 6:00 pm). Work on the weekends and at night will require city approval.
 - If property owners have a disruption in utility service during construction, please contact your local service provider:
 - Electric and Gas– Alliant Energy 319-286-1302
 - Cable, Internet, Telephone
 - CenturyLink 515-263-7305
 - Mediacom 845-867-0941
 - Heart of Iowa Coop 641-486-2211
 - Water – Marshalltown Waterworks 641-753-7913
 - While the contractor is completing construction activities, roadway access may be temporarily restricted.
 - Construction projects are fluid in nature and depend on many variables. Examples are poor weather, utility conflicts, unknown buried facilities, and fabrication schedules. We appreciate your patience and understanding as schedules are adjusted.
-

If you have any questions, please contact FOX Engineering and not the contractor. Contact information:
